Stmmons Liver Regulator, purely vegetable, is the medicine generally used in the South to arouse the torpid Liver to healty action.

It acts with extraordinary power and efficacy on the Liver and Kidneys! The action of the Regulator is free from nauses or griping. It is most effective in starting the secretions of the Liver, causing the bile to act as a cathartic. When there is an excess of bile in the Stomach, the Regulator is an active purse; after the removal of the bile it will regulate the bowels and impart vigor and health to the whole system.
